

# Dinzel is compliant to BCA 2019 Amendment 1 - Including external walls

For your peace of mind, SAI Global has also added a new explanatory note for clarification purposes which makes reference to DTS provision C1.9(a)(i).

Page 4, Dincel CodeMark

**“Note: As compliance with Performance Requirement CP2 – Spread of fire has been demonstrated for external walls, there is no need to certify against the corresponding deemed-to-satisfy provision C1.9(a)(i) for the Dincel Wall itself.”\***

[Download the Dincel CodeMark Certificate here](#)

\*C1.9(a)(i) is the DTS provision in the BCA for non-combustible construction of external walls
